With every Adec Preformer receive a FREE Acteon scaler and Spittoon valve

Suction Motors

Turbo Smart

- Central suction system which can be simply upgraded from two to four surgeries with just a password.
- Innovative, variable speed suction which instantly adapts to any change in use.
- It speeds up when a suction tip is opened and when other surgeries are using the unit and slows down when demand decreases without effecting performance.
- Extremely reliable and easy to use with multi function digital display.
- Available with or without amalgam separation.

Call for latest pricing

Turbo Smart 2V

- Complete with ISO18 amalgam separator
- Programmable vacuum level
- Automatically alters vacuum on demand in 4-6 surgeries
- Multi-function digital display – vacuum level, temperature, servicing, amalgam separation, fault diagnosis & programming
- Complete with silencer & installation kit
- Systems can run continuously
- up to 6 surgeries (4 running simultaneously)

Oraqix Gel Refill

Oraqix, a combination of lidocaine and prilocaine, is uniquely combined with a patented, thermosetting system to deliver pain relief where it's needed. Combining both of these amides into a single treatment provides dual benefits that are important for creating an appropriate anesthetizing effect-fast onset and a duration that should be long enough to work for the entire treatment.
